

DO MORE, EARN MORE... WITH DIGITAL DISPATCH

Automation is the key to success, no matter what size your business is. Road America recognizes this important trend and is now providing even more practical solutions for all size companies to receive services through Digital Dispatch.

For information related to any platform and set up assistance, please contact:
Regional Account Manager
dd@road-america.com

BENEFITS OF GOING DIGITAL

- » Higher system generated dispatch priority over non-Digital Dispatch enabled providers
- » Reduced dispatch staffing time
- » Real time ETAs and ATAs updates
- » Real time fleet visibility through GPS tracking
- » Accurate, updated paperless service information
- » Competitive edge over non-digital dispatch providers
- » Improve customer experience resulting in higher performance and more favorable reviews and rating!
